Lassonde School of Engineering Dept. of Computer Science and Engineering

EECS2021
Computer Organization
Assignment 1
Sept. 23, 2016

This assignment will not be collected or graded. It is practice questions for what you expect to see in a quiz or midterm.

I will post the answer one week after posting the assignment

1. Convert the decimal number 98 to binary, octal and hex. Use 8 bits.
2. Question 1.6
3. Question 1.9
4. Question 1.11.1,3,4
5. Question 1.12.1,2,3
